

With over 100 colleges & universities to choose from, HBCU's provide an excellent and affordable education.

## Taking Aim!

We aim to introduce students to the world of Historically Black Colleges and Universities (HBCUs) through a spectrum of activities so that they can make an informed decision about their academic career.

## About Us

Our mission is to increase awareness, access, and success for students seeking admission and completion at HBCUs. It was developed by the FELLOWS organization to empower youth within our communities. FELLOWS is a group of African-American men and women who are committed to offering services to enhance their insight of HBCUs.
